	Mrs. Pierce suggested installing a fence around the playground for safety of our students. Ms. Mengarelli has been searching for possible grant funding for playground fencing and is not aware of any currently. Ms. Mengarelli also shared that fencing can be perceived as increasing safety but it can actually limit exits for staff and students in an emergency. We could get fencing that would start at Darice's tree and go straight across to the pine tree berm. Mr. Jones will need space to pile snow in the winter. Therefore, we could get a quote for fencing from Darcie's tree to the berm. This will create a visual separation from the parking lot to the playground.	Playground Fence
